- ❑ Member has tried and failed current treatment-guideline and FDA label-recommended first-line agents [or has a documented intolerance, FDA-labeled contraindication, or hypersensitivity to first line therapies]

AND

- ❑ Please list all previous chemotherapy regimens and dates **(please attach chart notes)**

Chemotherapy Regimen	Dates/Cycles Completed
1.	
2.	
3.	
4.	

(Continued on next page)

AND

- ❑ Requested dose must meet **ONE** of the following:
  - ❑ The quantity (dose) requested is in accordance with FDA approved labeling, and if applicable or necessary, age and weight conditions are met
    - What is the quantity requested per DAY? _____

OR

  - ❑ The quantity (dose) requested is higher than the maximum dose recommendation found in FDA approved labeling (i.e., the package insert), and the prescriber has submitted clinical literature and medical documentation in support of the safety and efficacy of the higher dose (such as evidence from practice guidelines or clinical trials from peer-reviewed medical literature)

**** Please note: Chart documentation of the above is required to be submitted along with this request ****

_____

_____

_____

_____

AND

- ❑ If requesting Kisqali® (ribociclib) for advanced or metastatic hormone receptor-positive, HER2-negative breast cancer, member must have trial and failure of **ONE** of the following **(verified by chart notes or pharmacy paid claims)**:
  - ❑ Ibrance® (palbociclib)
  - ❑ Verzenio® (abemaciclib)

Reauthorization: 12 months. Check below all that apply. All criteria must be met for approval. To support each line checked, all documentation, including lab results, diagnostics, and/or chart notes, must be provided or request may be denied.

- ❑ Member is currently receiving the requested agent **(please submit medical chart notes and documentation of therapy history)**

AND

- ❑ Member requires continuation of therapy and is **NOT** experiencing disease progression

AND

- ❑ Ongoing treatment is consistent with FDA-labeling or compendia support

AND

- ❑ Member is **NOT** experiencing an FDA-labeled limitation of use or toxicity

(Continued on next page)

AND

- ❑ The quantity (dose) requested is in accordance with FDA approved labeling
    - **IF** there is an adjustment in quantity (dose) requested, higher than the maximum dose recommendation in FDA-approved labeling (i.e., the package insert), the prescriber must submit clinical literature and medical documentation in support the safety and efficacy of the higher dose (such as evidence from practice guidelines or clinical trials from peer-reviewed medical literature).

      **** Please note: Chart documentation of the above is required to be submitted along with this request ****

_____

_____

_____

_____

_____

Medication being provided by Specialty Pharmacy – Proprium Rx
