

**INDIVIDUAL AND FAMILY PLANS  
PRESCRIPTION DRUG FORMULARY  
(STANDARD PLAN)**

**(Effective April - June 2024)**

**PLEASE READ: This document contains information  
about some of the drugs we cover in this plan.**

Members must use in-network pharmacies to fill their prescription drugs. Your benefits, drug list, pharmacy network, premium and/or copayments/coinsurance may sometimes change.

## INTRODUCTION

This formulary was developed to serve as a guide for prescribers, pharmacists, health care professionals and members in the selection of cost-effective medication therapy. AvMed recognizes that medication therapy is an integral part of effective health management. Due to the vast availability of medication options, a reasonable program for medication selection and use is warranted.

The drugs represented have been reviewed by a National Pharmacy and Therapeutics (P&T) Committee and are approved for inclusion. This formulary is reflective of current medical practice as of the date of review.

The information contained in this formulary and its appendices is provided solely for the convenience of medical providers. We do not warrant or assure the accuracy of such information nor is it intended to be comprehensive in nature. This formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. All the information in this formulary is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

We assume no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

National guidelines can be found on the National Guideline Clearinghouse site at [www.ahrq.gov/gam/index.html](http://www.ahrq.gov/gam/index.html) on the websites listed under each therapeutic class and on the sites listed in the WEBSITES section of this publication.

This formulary is a fluid document, which is continually reviewed and modified. This dynamic process does not allow this document to be completely accurate at all times. To accommodate regular changes, an updated electronic version of this formulary is available online at [www.avmed.org/prescriptions](http://www.avmed.org/prescriptions). AvMed welcomes your input and feedback on the information provided in this document.

## PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The services of an independent National Pharmacy and Therapeutics Committee ("P&T Committee") are utilized to approve safe and clinically effective drug therapies. The P&T Committee is an external advisory body of clinical professionals from across the United States. The P&T Committee's voting members include physicians, pharmacists, a pharmacoeconomist and a medical ethicist, all of whom have a broad background of clinical and academic expertise regarding prescription drugs. Employees with significant clinical expertise are invited to meet with the P&T Committee, but no employee may vote on issues before the P&T Committee. Voting members of the P&T Committee must disclose any financial relationship or conflicts of interest with any pharmaceutical manufacturers.

### DEFINITIONS

**Brand Medication** - A prescription medication that is usually manufactured and sold under a name or trademark by a pharmaceutical manufacturer, or a medication that is identified as a Brand medication by AvMed's Pharmacy Benefits Manager (PBM).

**Brand Additional Charge** - The additional charge that must be paid if you or your prescriber choose a brand medication when a generic equivalent is available. The charge is the difference between the cost of the brand medication and the generic medication. This charge must be paid in addition to the applicable copayment.

**Cost-sharing Medications** - Medications, as designated by AvMed, designed to improve the quality of life by treating relatively minor, non-life-threatening conditions. Such medications are subject to coinsurance and coverage is limited

**Generic Medication** - A prescription medication that has the same active ingredient as a brand medication or is identified as a generic medication by AvMed's Pharmacy Benefits Manager. Generic products approved by the United States Food and Drug Administration (FDA) are just as effective and safe as the brand-name products. Generic medications contain identical active ingredients, have the same indication for use, meet the same manufacturing standards, and are identical in strength and dosage form as brand-name medications.

**Maintenance Medication** - A medication that has been approved by the FDA, for which the duration of therapy can reasonably be expected to exceed one year.

**Participating Pharmacy** - A pharmacy (retail, mail service, or specialty pharmacy) that has entered into an agreement with AvMed to provide prescription drugs to AvMed members and has been designated by AvMed as a participating pharmacy

**Preferred Medication List** - The listing of preferred medications based on clinical efficacy, relative safety, and cost in comparison to similar medications within a therapeutic class. This multi-tiered list establishes different levels of copay for medications within therapeutic classes. As new medications become available, they may be considered excluded until they have been reviewed by the P&T Committee.

**Prescription Medication** - A medication that has been approved by the FDA and that can only be dispensed pursuant to a prescription according to state and federal law.

**Prior Authorization** - The process of obtaining approval for certain prescription drugs (prior to dispensing) according to AvMed's guidelines. The ordering prescriber must obtain approval from AvMed. The list of prescription drugs requiring prior authorization is subject to periodic review and modification by AvMed. To initiate a prior authorization, please visit our website at <https://www.avmed.org/prescriptions/> to obtain a Pharmacy Drug Authorization Request form.

**Self-Administered Injectable Medication** - A medication that has been approved by the FDA for self-injection and is administered by subcutaneous injection. Prior authorization is required for most self-administered injectable medications, except insulin.

**Specialty Medication** - A self-injectable or high-cost oral medication approved by the FDA. These medications must be prescribed by a physician and dispensed by either a retail or participating specialty pharmacy, depending on the medication. The co-payment levels for Specialty Medications apply regardless of provider. This means that you may be responsible for the appropriate co-payment whether you receive your Specialty Medication from the pharmacy, at the physician's office or during home health visits. Specialty Medications are limited to a 30-day supply.

**Quantity Limit** - Medications included in this program allow a maximum quantity per prescription and/or time period for one copay or coinsurance. Quantity limits are developed based upon FDA approved medication labeling and nationally recognized therapeutic clinical guidelines. If your prescription exceeds the quantity limit, prior authorization will be required.

## **BENEFIT COVERAGE AND LIMITATIONS**

This medication formulary is for reference purposes only and does not guarantee nor define benefit coverage and limitations. Many members have specific benefits, which are not reflected in this formulary. You may contact AvMed's Member Engagement Department regarding any coverage questions by calling the number listed on the back of your card. Please note that the formulary process is dynamic and generally changes throughout the year. These changes typically occur due to, but not limited to, the following reasons: approval of new medications, availability of newly approved generics, changes in clinical data, and medication safety concerns. AvMed is not held responsible for payment if either a medication was omitted or included in error, or that a medication was placed at an incorrect tier on this formulary. The following topics may or may not be applicable to individual members depending on member-specific benefit parameters.

### **Coverage**

Your prescription medication coverage includes medications that require a prescription, are filled by a participating AvMed pharmacy, and are prescribed by your provider in accordance with AvMed's coverage criteria. AvMed reserves the right to make changes in coverage criteria for covered products and services. Coverage criteria are medical and pharmaceutical protocols used to determine payment of products and services and are based on independent clinical practice guidelines and standards of care established by government agencies and medical/pharmaceutical societies.

Your retail prescription medication coverage includes up to a 30-day supply of a

medication for the listed copay. In most cases, your prescription may be refilled after 75% of your previous fill has been used and is subject to a maximum of 13 refills per year. Many plans may provide the option to obtain a 90-day supply of a medication at a retail or mail pharmacy for a reduced amount. Please refer to your specific pharmacy benefits.

Your mail-service prescription medication coverage includes up to a 90-day supply of most medications for the listed copay per your prescription benefits. If the amount of medication is less than a 90-day supply, such as a 75-day supply, you will still be charged the listed mail-service copay per your prescription benefits.

Your specialty medication coverage extends to many self-injectable and high-cost oral medications approved by the FDA. These medications must be ordered by a prescriber and dispensed by a retail or specialty pharmacy, depending on the type of medication. The copayment levels for specialty medications apply regardless of provider. This means that you may be responsible for the appropriate copayment whether you receive your Specialty Medication from the pharmacy, at the physician's office or during home health visits. Specialty Medications are limited to a 30-day supply.

Quantity limits are set in accordance with FDA approved prescribing limitations, general practice guidelines supported by medical specialty organizations, and/or evidence-based, statistically valid, clinical studies. This means that a medication-specific quantity limit may apply for medications that have an increased potential for over-utilization or an increased potential for a member to experience an adverse event at higher doses.

### **What if my drug is not listed in the formulary?**

If you are unsure if a drug is covered by your plan, please call Member Engagement for assistance. If you learn your plan does not cover your drug, here are some steps you may take:

- Visit [www.avmed.org/prescriptions](http://www.avmed.org/prescriptions) to find your plans prescription drug list and review it with your doctor to determine if any of the covered drugs are viable alternatives.
- If the formulary alternatives are not appropriate to treat your condition, you may request an exception for coverage of the non-formulary drug. Please note that although an exception can be granted to cover the non-formulary drug it will be considered a non-preferred drug and may be more expensive than the covered alternatives.

### **How do I ask for an exception to AvMed's drug list?**

You may request an exception to your prescription drug coverage for drugs that are not included on your plans prescription drug list. To make a request for an exception to your prescription drug coverage, you or your doctor must submit a completed Pharmacy Drug Authorization Request form available at [www.avmed.org/prescriptions](http://www.avmed.org/prescriptions) or you may call the number on the back of your card to initiate this request.

### **How likely is it that an exception request is approved?**

AvMed may approve your request for an exception to your prescription drug coverage if the preferred formulary drugs included on your plans prescription drug list would not be as effective in treating your condition or cause you to experience adverse medical effects

### **How do I find out if my exception request is approved?**

AvMed will process your request and provide a decision within 72 hours of receipt of the information necessary to make a decision. You can ask for an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to three business days for a decision. If your expedited request is granted, we will provide a decision within 24 hours of receipt of the information necessary to make a decision. You and your doctor will be notified in writing of the decision. You may also contact Member Engagement to inquire about the status of your exception request.

### **Prior Authorization Process**

The prior authorization process requires the practitioner to provide information to support a requested exception request. These authorization requests must be submitted to AvMed by fax to 1-305-671-0200 using the Pharmacy Drug Authorization Request form. The Pharmacy Drug Authorization Request form is available at: <https://www.avmed.org/prescriptions/>.

### **Member Initiated Prior Authorization Process**

Members may request a prior authorization by directly contacting the AvMed Member Engagement Department at the number on their membership card. The member should have the prescriber information (phone number) and any pertinent information related to the request to provide to the Member Engagement Department. Members may also initiate the prior authorization process by logging into [www.avmed.org](http://www.avmed.org) and then clicking the link "Prescriptions".

### **Quantity Limit Exception**

Certain medications allow for a maximum quantity per prescription and/or time period for one copay or coinsurance. Medications with applicable quantity limits are noted on the formulary. Quantity limits are developed based upon FDA-approved medication labeling and nationally recognized therapeutic clinical guidelines. If a prescription exceeds the quantity limit, the prescriber should provide a statement of medical necessity and request a prior authorization for the quantity limit exception as described above.

### **Non-formulary Medication Requests**

A request for a non-formulary medication requires documentation from the member's medical records and/or prescription claims history verifying the following: statement of medical necessity; contraindications to ALL other formulary alternatives; or therapeutic failure of adequate trials of one to three months of each and ALL other formulary alternatives. Non-formulary requests may be requested by the prescriber through the prior authorization process as described above.

### **Tier Description**

Each copay tier is assigned an established co-payment, which is the amount you pay when you fill a prescription. Consult your benefit documents to determine your specific co-payments, coinsurance, and/or deductibles that are part of your plan. You and your doctor decide which medication is most appropriate for you.

	Definition
<b>1</b>	<b>Generic</b> - These are preferred generic medications and are in the low to mid-range for out-of-pocket expense. You should always consider Tier 1 medications if you and your doctor decide they are appropriate to treat your condition.
<b>2</b>	<b>Preferred Brand</b> - These are preferred brand or high-cost generic medications and are in the mid to higher range for out-of-pocket expense. Sometimes there are alternatives available in Tier 1 that may be appropriate to treat your condition. If you are currently taking a Tier 2 medication, ask your doctor whether there are lower copayment alternatives that may be right for your treatment.
<b>3</b>	<b>Non-Preferred Brand</b> - These are non-preferred brand or non-preferred generic medications and are in the higher range for out-of-pocket expense. Sometimes there are alternatives available in Tier 1 or Tier 2 that may be appropriate to treat your condition. If you are currently taking a Tier 3 medication, ask your doctor whether there are lower copayment alternatives that may be right for your treatment.
<b>4</b>	<b>Specialty Drugs</b> - These are brand or generic-name specialty medications or high-cost medications and are typically the highest out-of-pocket expense. Distribution of specialty medications is limited to our specialty pharmacy.
<b>9</b>	<b>Zero Cost Share Preventative Drugs</b> - These are drugs covered under the Patient Protection and Affordable Care Act (PPACA) at no cost-share (\$0), to you.

\*Please note that **Brand** products are listed in CAPITALS and **Generic** products are listed in *lowercase italics*.

**Common Medical Exclusions**

Due to benefit design parameters, there could be certain medication classes that are excluded from your pharmacy benefit coverage. Prior authorization is generally not available for medications that are specifically excluded by benefit design. Commonly excluded products may

include, but are not limited to:

- Over the counter (OTC) medications or their equivalents unless otherwise specified in the medication formulary listing
- Experimental medication products, or any medication product used in an experimental manner
- Foreign medications or medications not approved by the United States Food and Drug Administration (FDA)
- Replacement prescription drug products resulting from a lost, stolen, expired, broken, or destroyed prescription order or refill
- Fertility drugs
- Medications or devices for the diagnosis or treatment of sexual dysfunction
- Dental-specific medications, including fluoride medications for adults.
- Prescription and non-prescription vitamins and minerals, except prenatal vitamins

- Nutritional supplements and Medical Foods
- Cosmetic products, including, but not limited to, hair growth, skin bleaching, sun damage and anti-wrinkle medications
- Prescription and non-prescription appetite suppressants and products for the purpose of weight loss
- Compounded prescriptions, except pediatric preparations
- Pharmaceuticals that would be covered under the medical benefit. These may include but are not limited to immunizations; allergy serums; medical supplies, including therapeutic devices, dressings, appliances, and support garments; medications administered by the attending physician to treat an acute phase of an illness; and chemotherapy for cancer patients. Such benefits are covered in accordance with the Group Medical and Hospital Service Contract and may be subject to copay or coinsurance and prior authorization requirements, as outlined on the Schedule of Benefits.

### **Mandated Generic Substitution**

AvMed advocates the use of cost-effective generic medications where FDA-labeled brand-equivalent medications are available. A generic medication is approved by the FDA once the manufacturer has proven that it has the same active ingredient(s) as the brand-name medication. Generally, generic medications cost less than brand-name medications. If a member or a prescriber requests a brand-name product in lieu of an approved generic, the member, based upon his/her coverage, will typically be required to pay the Non-Preferred Brand Copay plus the Brand Additional Charge.

### **Health Care Reform – Preventive Medications**

The Patient Protection and Affordable Care Act of 2010 allows members to receive some preventative, evidence-based items, and services at no cost to the member with certain stipulations. Examples of categories of medications that may be subject to limited, or \$0 cost share include aspirin, breast cancer preventative, fluoride supplements, folic acid supplements, iron supplements, tobacco cessation products, immunizations, bowel preparation for colonoscopy, and some contraceptive medications and devices.

Some of the limitations for receiving these medications at no cost to the member require that: (1) the medication is covered as part of the prescription benefits, (2) a prescription is required, and (3) this coverage will only apply in a retail pharmacy. As new guidance continues to be released for coverage of preventive medications, the list and/or restrictions will be updated accordingly.

### **HOW CAN I SAVE MONEY ON PRESCRIPTIONS?**

Always ask your doctor to consider choosing an appropriate medication from the formulary that is on the lower tier selections, such as Tier 1 or Tier 2. Medications within these tiers have the lowest out-of-pocket cost for you. If you are currently taking a Tier 3 or 4 medication, you should consult with your physician to see if there are other medication alternatives that are on a lower tier.

## **MEDICATIONS PRE-PACKAGED AS A 90-DAY SUPPLY**

Our pharmacy benefit covers some medications that are pre-packaged, dispensed and sold as a 90-day supply. Members who are prescribed these medications will be charged the applicable tier co-payment for a 90-day supply whether the prescription is filled at retail or through the mail-service option. Examples of medications packaged as 90-day supplies include: Estrin, Femring, and Seasonique. Please consult our website for an up-to-date list of medications or call Member Engagement at the number on the back of your card for more information on coverage.

## **CONTACT INFORMATION**

This formulary is designed to assist prescribers, members, and other health care professionals in the selection of cost-effective medications. AvMed encourages your input and feedback on how we can assist in improving this document and the formulary management process. You may contact AvMed's Member Engagement Department by calling the number listed on the back of your card. For additional information, please visit our website at: [www.avmed.org/prescriptions](http://www.avmed.org/prescriptions).

## List of Abbreviations

**1:** Generic

**2:** Preferred Brand

**3:** Non-Preferred Brand

**4:** Specialty Drugs

**9:** Zero Cost Share Preventive Drugs

**ACA:** Affordable Care Act (ACA) preventive prescription drugs and over the counter items identified as an A or B recommendation by the United States Preventive Services Task Force. Please use this link for a list of Covered preventive care services: [healthcare.gov/what-are-my-preventive-care-benefits](https://www.healthcare.gov/what-are-my-preventive-care-benefits)

**CGM:** Continuous Glucose Monitor

**LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Customer Service.

**OTC:** Over the Counter. An OTC drug is a non-prescription drug.

**PA:** Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

**QL:** Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

**SP:** Specialty Drug

**ST:** Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

ARISTADA INTRAMUSCULAR SUSPENSION,EXTENDED REL SYRING 441 MG/1.6 ML	2	PA for Age less than or equal to 17 year(s); QL (1.6 per 28 days)
ARISTADA INTRAMUSCULAR SUSPENSION,EXTENDED REL SYRING 662 MG/2.4 ML	2	PA for Age less than or equal to 17 year(s); QL (2.4 per 28 days)
ARISTADA INTRAMUSCULAR SUSPENSION,EXTENDED REL SYRING 882 MG/3.2 ML	2	PA for Age less than or equal to 17 year(s); QL (3.2 per 28 days)
<i>armodafinil oral tablet 150 mg, 200 mg, 250 mg</i>	2	QL (1 per 1 day)
<i>armodafinil oral tablet 50 mg</i>	2	QL (2 per 1 day)
<i>asenapine maleate</i>	2	PA; QL (2 per 1 day)
<i>atomoxetine oral capsule 10 mg, 18 mg, 25 mg, 40 mg</i>	1	QL (2 per 1 day)
<i>atomoxetine oral capsule 100 mg, 60 mg, 80 mg</i>	1	QL (1 per 1 day)
<i>bupropion hcl oral tablet 100 mg</i>	1	QL (4.5 per 1 day)
<i>bupropion hcl oral tablet 75 mg</i>	1	QL (6 per 1 day)
<i>bupropion hcl oral tablet extended release 24 hr 150 mg</i>	1	QL (3 per 1 day)
<i>bupropion hcl oral tablet extended release 24 hr 300 mg</i>	1	QL (1 per 1 day)
<i>bupropion hcl oral tablet sustained-release 12 hr</i>	1	QL (2 per 1 day)
<i>bupirone</i>	1	
<i>chlordiazepoxide hcl</i>	1	
<i>chlorpromazine oral tablet</i>	2	PA for Age less than or equal to 17 year(s); QL (4 per 1 day)
<i>citalopram oral solution</i>	2	QL (20 per 1 day)
<i>citalopram oral tablet 10 mg, 20 mg</i>	1	QL (1.5 per 1 day)
<i>citalopram oral tablet 40 mg</i>	1	QL (1 per 1 day)
<i>clomipramine</i>	2	
<i>clonidine hcl oral tablet extended release 12 hr</i>	1	
<i>clorazepate dipotassium</i>	1	
<i>clozapine oral tablet 100 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (9 per 1 day)
<i>clozapine oral tablet 200 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (4.5 per 1 day)
<i>clozapine oral tablet 25 mg, 50 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (3 per 1 day)

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements / Limits</b>
<i>desipramine</i>	2	
<i>desvenlafaxine succinate</i>	2	QL (1 per 1 day)
<i>dexmethylphenidate oral capsule,er biphasic 50-50</i>	2	PA for Age greater than or equal to 19 year(s); QL (1 per 1 day)
<i>dexmethylphenidate oral tablet</i>	1	PA for Age greater than or equal to 19 year(s); QL (2 per 1 day)
<i>dextroamphetamine sulfate oral capsule, extended release 10 mg, 15 mg</i>	2	PA for Age greater than or equal to 19 year(s); QL (4 per 1 day)
<i>dextroamphetamine sulfate oral capsule, extended release 5 mg</i>	2	PA for Age greater than or equal to 19 year(s); QL (3 per 1 day)
<i>dextroamphetamine sulfate oral tablet 10 mg, 15 mg, 20 mg, 5 mg</i>	1	PA for Age greater than or equal to 19 year(s); QL (3 per 1 day)
<i>dextroamphetamine sulfate oral tablet 30 mg</i>	1	PA for Age greater than or equal to 19 year(s); QL (2 per 1 day)
<i>dextroamphetamine-amphetamine oral capsule,extended release 24hr</i>	1	PA for Age greater than or equal to 19 year(s); QL (2 per 1 day)
<i>dextroamphetamine-amphetamine oral tablet 10 mg, 12.5 mg, 15 mg, 20 mg, 5 mg, 7.5 mg</i>	1	PA for Age greater than or equal to 19 year(s); QL (3 per 1 day)
<i>dextroamphetamine-amphetamine oral tablet 30 mg</i>	1	PA for Age greater than or equal to 19 year(s); QL (2 per 1 day)
<i>diazepam intensol</i>	2	
<i>diazepam oral solution 5 mg/5 ml (1 mg/ml)</i>	1	
<i>diazepam oral tablet</i>	1	
<i>doxepin oral capsule</i>	1	
<i>doxepin oral concentrate</i>	1	
<i>doxepin oral tablet</i>	2	ST; QL (1 per 1 day)
<i>duloxetine oral capsule,delayed release(dr/ec) 20 mg, 30 mg, 60 mg</i>	1	QL (2 per 1 day)
<i>ergoloid</i>	2	
<i>escitalopram oxalate oral solution</i>	2	QL (20 per 1 day)
<i>escitalopram oxalate oral tablet 10 mg, 5 mg</i>	1	QL (1.5 per 1 day)
<i>escitalopram oxalate oral tablet 20 mg</i>	1	QL (1 per 1 day)
<i>estazolam</i>	1	
<i>eszopiclone</i>	1	QL (1 per 1 day)
<i>fluoxetine oral capsule</i>	1	QL (2 per 1 day)
<i>fluoxetine oral solution</i>	2	QL (20 per 1 day)
<i>fluoxetine oral tablet</i>	2	QL (1 per 1 day)

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements / Limits</b>
<i>fluphenazine decanoate</i>	2	PA for Age less than or equal to 17 year(s); QL (5 per 30 days)
<i>fluphenazine hcl injection</i>	2	PA for Age less than or equal to 17 year(s); QL (5 per 30 days)
<i>fluphenazine hcl oral concentrate</i>	2	PA for Age less than or equal to 17 year(s); QL (8 per 1 day)
<i>fluphenazine hcl oral elixir</i>	2	PA for Age less than or equal to 17 year(s); QL (80 per 1 day)
<i>fluphenazine hcl oral tablet</i>	2	PA for Age less than or equal to 17 year(s); QL (4 per 1 day)
<i>flurazepam</i>	1	QL (1 per 1 day)
<i>fluvoxamine oral tablet 100 mg</i>	1	QL (3 per 1 day)
<i>fluvoxamine oral tablet 25 mg, 50 mg</i>	1	QL (1.5 per 1 day)
<i>guanfacine oral tablet extended release 24 hr</i>	1	
<i>haloperidol decanoate</i>	2	PA for Age less than or equal to 17 year(s)
<i>haloperidol lactate injection</i>	1	PA for Age less than or equal to 17 year(s)
<i>haloperidol lactate intramuscular</i>	1	PA for age 17 and younger
<i>haloperidol lactate oral</i>	1	PA for Age less than or equal to 17 year(s); QL (15 per 1 day)
<i>haloperidol oral tablet 0.5 mg, 1 mg, 10 mg, 2 mg, 5 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (3 per 1 day)
<i>haloperidol oral tablet 20 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (1.5 per 1 day)
HETLIOZ LQ	4	PA; SP
<i>imipramine hcl</i>	1	
INVEGA HAFYERA INTRAMUSCULAR SYRINGE 1,092 MG/3.5 ML	2	PA for Age less than or equal to 17 year(s); QL (3.5 per 135 days)
INVEGA HAFYERA INTRAMUSCULAR SYRINGE 1,560 MG/5 ML	2	PA for Age less than or equal to 17 year(s); QL (5 per 135 days)
INVEGA SUSTENNA INTRAMUSCULAR SYRINGE 117 MG/0.75 ML	2	PA for Age less than or equal to 17 year(s); QL (0.75 per 28 days)
INVEGA SUSTENNA INTRAMUSCULAR SYRINGE 156 MG/ML	2	PA for Age less than or equal to 17 year(s); QL (1 per 28 days)
INVEGA SUSTENNA INTRAMUSCULAR SYRINGE 234 MG/1.5 ML	2	PA for Age less than or equal to 17 year(s); QL (1.5 per 28 days)
INVEGA SUSTENNA INTRAMUSCULAR SYRINGE 39 MG/0.25 ML	2	PA for Age less than or equal to 17 year(s); QL (0.25 per 28 days)

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements / Limits</b>
INVEGA SUSTENNA INTRAMUSCULAR SYRINGE 78 MG/0.5 ML	2	PA for Age less than or equal to 17 year(s); QL (0.5 per 28 days)
INVEGA TRINZA INTRAMUSCULAR SYRINGE 273 MG/0.88 ML	2	PA for Age less than or equal to 17 year(s); QL (0.88 per 84 days)
INVEGA TRINZA INTRAMUSCULAR SYRINGE 410 MG/1.32 ML	2	PA for Age less than or equal to 17 year(s); QL (1.32 per 84 days)
INVEGA TRINZA INTRAMUSCULAR SYRINGE 546 MG/1.75 ML	2	PA for Age less than or equal to 17 year(s); QL (1.75 per 84 days)
INVEGA TRINZA INTRAMUSCULAR SYRINGE 819 MG/2.63 ML	2	PA for Age less than or equal to 17 year(s); QL (2.63 per 84 days)
<i>lisdexamfetamine</i>	1	PA for Age greater than or equal to 19 year(s); QL (1 per 1 day)
<i>lithium carbonate</i>	1	
<i>lithium citrate</i>	1	
<i>lorazepam intensol</i>	2	
<i>lorazepam oral concentrate</i>	2	
<i>lorazepam oral tablet</i>	1	
<i>loxapine succinate oral capsule 10 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (8 per 1 day)
<i>loxapine succinate oral capsule 25 mg, 5 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (4 per 1 day)
<i>loxapine succinate oral capsule 50 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (5 per 1 day)
LUMRYZ	4	PA; SP; QL (1 per 1 day)
<i>lurasidone oral tablet 120 mg, 20 mg, 40 mg, 60 mg</i>	2	PA; QL (1 per 1 day)
<i>lurasidone oral tablet 80 mg</i>	2	PA; QL (2 per 1 day)
MARPLAN	3	PA
<i>methamphetamine</i>	2	PA for Age greater than or equal to 19 year(s); QL (5 per 1 day)
<i>methylphenidate hcl oral capsule, er biphasic 30-70</i>	2	PA for Age greater than or equal to 19 year(s); QL (1 per 1 day)
<i>methylphenidate hcl oral capsule, er biphasic 50-50 10 mg, 20 mg, 30 mg, 40 mg</i>	2	PA for Age greater than or equal to 19 year(s); QL (1 per 1 day)
<i>methylphenidate hcl oral solution 10 mg/5 ml</i>	2	PA for Age greater than or equal to 19 year(s); QL (30 per 1 day)
<i>methylphenidate hcl oral solution 5 mg/5 ml</i>	2	PA for Age greater than or equal to 19 year(s); QL (60 per 1 day)

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements / Limits</b>
<i>methylphenidate hcl oral tablet</i>	1	PA for Age greater than or equal to 19 year(s); QL (3 per 1 day)
<i>methylphenidate hcl oral tablet extended release</i>	1	PA for Age greater than or equal to 19 year(s); QL (3 per 1 day)
<i>methylphenidate hcl oral tablet extended release 24hr 18 mg, 27 mg, 54 mg</i>	2	PA for Age greater than or equal to 19 year(s); QL (1 per 1 day)
<i>methylphenidate hcl oral tablet extended release 24hr 36 mg</i>	2	PA for Age greater than or equal to 19 year(s); QL (2 per 1 day)
<b>MIDAZOLAM ORAL SYRUP 10 MG/5 ML (2 MG/ML)</b>	3	
<i>midazolam oral syrup 2 mg/ml</i>	1	
<i>mirtazapine</i>	1	QL (1 per 1 day)
<i>modafinil</i>	2	QL (1 per 1 day)
<i>nefazodone oral tablet 100 mg, 150 mg, 250 mg, 50 mg</i>	2	QL (2 per 1 day)
<i>nefazodone oral tablet 200 mg</i>	2	QL (3 per 1 day)
<i>nortriptyline oral capsule</i>	1	
<i>nortriptyline oral solution</i>	2	
<b>NUPLAZID</b>	4	PA; SP; QL (1 per 1 day)
<i>olanzapine oral tablet</i>	1	PA for Age less than or equal to 17 year(s); QL (1 per 1 day)
<i>olanzapine-fluoxetine</i>	2	PA for Age less than or equal to 17 year(s)
<i>oxazepam</i>	1	
<i>paliperidone oral tablet extended release 24hr 1.5 mg, 3 mg, 9 mg</i>	2	PA; QL (1 per 1 day)
<i>paliperidone oral tablet extended release 24hr 6 mg</i>	2	PA; QL (2 per 1 day)
<i>paroxetine hcl oral tablet 10 mg, 40 mg</i>	1	QL (1.5 per 1 day)
<i>paroxetine hcl oral tablet 20 mg</i>	1	QL (1 per 1 day)
<i>paroxetine hcl oral tablet 30 mg</i>	1	QL (2 per 1 day)
<i>perphenazine oral tablet 16 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (2 per 1 day)
<i>perphenazine oral tablet 2 mg, 4 mg, 8 mg</i>	1	PA for Age less than or equal to 17 year(s); QL (4 per 1 day)
<i>perphenazine-amitriptyline</i>	2	PA for Age less than or equal to 17 year(s)

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements / Limits</b>
PERSERIS	2	PA for Age less than or equal to 17 year(s); QL (1 per 28 days)
<i>phenelzine</i>	1	
<i>pimozide oral tablet 1 mg</i>	1	QL (10 per 1 day)
<i>pimozide oral tablet 2 mg</i>	1	QL (5 per 1 day)
