

## **Drugs That Require Step Therapy (ST) Before Being Approved for Coverage**

In some cases, AvMed Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Step-1 and Step-2 drugs both treat your medical condition, we may not cover the Step-2 drug unless you try the Step-1 drug first. If the Step-1 drug does not work for you, we will then cover the Step-2 drug.

You will need authorization from AvMed Medicare before filling prescriptions for the Step-2 drugs shown in the chart that begins on the next page. AvMed Medicare will only provide coverage after it determines that the drug is being prescribed according to the criteria specified in the chart.

You, your appointed representative, or your prescriber can request prior authorization by calling Express Scripts at 1-800-935-6103 or faxing your request in to 1.877.251.5896. Hours of operation are 24 hours a day, 7 days a week. Service is available in English and other languages. TTY users should call 1.800.716.323
