Your Personal Concierge: AvMed’s Member Engagement Center

As your guides throughout your membership, AvMed’s award-winning Member Engagement Center representatives are available to answer your questions regarding benefits, claims, changing physicians or anything involving your AvMed membership. You can call our Member Engagement Center at the number listed on your AvMed ID Card. Hearing impaired Members may call **(TTY 711)**. For more specific health concerns, call 24/7 and speak confidentially with AvMed’s dedicated Nurse On Call service at **1-888-866-5432**. You may also visit our website at www.AvMed.org or email us at Members@AvMed.org.

Thank you for the opportunity to serve you!

I. ABOUT AvMed ENTRUST

Your AvMed Entrust Plan offers comprehensive health coverage at prices you can afford and features:

- High quality network of doctors, hospitals and pharmacies
- Essential Health Benefits with preventive care at no cost
- AvMed CenteredCare
- Prescription drug coverage
- Maternity coverage
- Discount programs for vision, complementary medicine and alternative medicine

AvMed values the unique role of the patient-physician relationship. Your Primary Care Physician (PCP) plays an integral part in coordinating your care with your entire team of specialists and other healthcare providers. Your PCP also manages authorization requirements, when appropriate. Because of your PCP's unique vantage point, we strongly encourage you to leverage him/her as your personal medical historian. When you ask each AvMed Participating Specialist you visit to forward all associated records to your PCP, he/she has the ability to consider each detail of your complete care history when guiding you in any decision. Having all outside records in one location also gives you peace of mind by minimizing your personal burden related to maintaining, updating or even remembering each detail of your care. This simple step keeps your focus where it should be-on your health and the care choices you and your PCP will make together.

In your AvMed Entrust Plan, it also sets the stage for that strong relationship's position in the center of your healthcare universe. That's the foundation of AvMed CenteredCare, a core feature of your Entrust Plan.

To ensure full coordination of your care, AvMed requires you to select a PCP from this Directory and to work with him/her anytime you need a referral to an AvMed Participating Specialist.

This Directory identifies PCPs within the specialties below:

- Family Practice – *for all family members*
- General Practice – *for all family members*
- Internal Medicine – *for adults*
- Obstetrics/Gynecology – *for women and adolescent girls*
- Pediatrics – *for children*

The first time you call, be sure to ask which age groups the doctor sees.

AvMed strongly believes that preventive health is the cornerstone to staying healthy. That's why your AvMed Entrust Plan provides preventive care services at no cost, even before you've met your annual deductible. AvMed truly wants our Members to take active roles in managing their health and wellness. We encourage you to get the proper age and gender specific screenings and immunizations to keep you healthy and prevent future health problems.

Some of the most common covered preventive care services include:

- Annual physicals including labs
- Child and adult immunizations
- Well-child care
- Screening services
- Mammography
- Well-woman exams (PAP)
- Prostate Tests

II. ACCESSING CARE

In an effort to keep our Members informed, this section contains general information about accessing care with your AvMed Entrust Plan. For your plan's specific benefit information, please refer to your Contract or Summary of Benefits and Coverage. Should you have any questions, please contact our Member Engagement Center at the number listed on your AvMed ID Card.

Your Primary Care Physician (PCP)

Your PCP provides routine and preventive care while assisting you in making important medical decisions. Your PCP can perform physicals, see you for most of your healthcare needs and help coordinate your care if you need to see specialists or access behavioral services. Your PCP should know your medical history and can be a valuable resource for information and treatment.

Each covered member of your family may choose the same or different PCPs. You can find a list of participating doctors in this Provider Directory or on AvMed's website at www.AvMed.org. **To select or change your designated PCP, please contact our Member Engagement Center at the number listed on your AvMed ID Card.**

Visits to Specialist Providers

Your Primary Care Physician (PCP) knows your medical history and is best qualified to determine when your care requires specialist involvement. Please consult your PCP for advice.

Emergency Care

When possible, always discuss your care options with your Primary Care Physician (PCP) if you need immediate medical attention. Because you never know when that may occur, be sure to gather information on your next visit including after-hours care, weekend accessibility and any alternate phone numbers you should know. Knowing your options in advance will help if your PCP isn't available when your accident or injury requires immediate attention. In those cases, proper planning can save you time, money and stress.

For a complete list of:

- **Participating pharmacies**
- **Retail clinics**
- **Urgent Care Centers in your area**

Visit www.AvMed.org and click on *Find a Doctor*.

III. MEDICAL EXCELLENCE

AvMed Participating Providers

AvMed is committed to quality healthcare and partners with a broad network of providers, committed to keeping you healthy. AvMed contracts with doctors in private practice who agree to see AvMed Members within certain time frames, depending upon the Member's condition. AvMed Participating Providers also agree to certain standards of care for our Members in regards to wait times and accessibility. To confirm provider participation and view AvMed's Access and Availability Standards, visit www.AvMed.org and click on *Find a Doctor*.

AvMed Participating Hospitals, Facilities & Allied Services

AvMed Members have access to one of the most versatile facility networks in the state, made up of hospitals, skilled nursing facilities, diagnostic centers, laboratories, ambulatory surgical centers, home health, urgent care centers, pharmacies, vision companies, durable medical equipment providers and much, much more. To be an AvMed Participating Provider, healthcare facilities must meet rigorous credentialing standards based on quality. AvMed Quality of Care Standards leverage those of nationally recognized professional organizations and are regularly monitored for provider adherence. AvMed supports our providers in their efforts to meet or exceed quality standards.

Board Certification

AvMed considers Board Certification a significant credential in evaluating providers. Our Board Certified Network Providers have completed advanced training in an approved hospital residency and/or fellowship program. Each specialty board establishes its own requirements for providers to achieve Board Certification and, within this Directory, we've identified this subset with a star (★).

IV. INSIDE AvMed

Here's a quick look behind the yellow curtain here at AvMed. We hope these explanations help you better understand certain concepts used in your Contract. This listing is intended for your assistance only and does not, in any way, alter the meaning or intent of the actual Contract Terms.

Authorization (vs. referral): Before you receive certain health services, your Primary Care Provider (see "PCP") and AvMed work together to make sure you're getting the best available option for your care. Your doctor will likely know which services require

this step, and will often handle it behind the scenes on your behalf. This is different from a referral, which is purely a physician to physician transaction without AvMed's involvement.

Emergency Room: If you have a life-threatening emergency, you should go to the nearest hospital or call 911 for emergency medical assistance. You may be responsible for a portion of the cost and non-covered supplies or services (refer to your Summary of Benefits and Coverage for more information). For a detailed definition of an emergency, please refer to your Medical and Hospital Service Contract (Certificate of Coverage) or Summary Plan Description.

Generic (vs. brand): Generic drugs are a significantly less expensive alternative (up to 90% savings) to the brands that may be written on your prescription. They contain the same FDA-approved formula and are equally effective against the condition your doctor is treating. AvMed also offers a subset of the generic class called **value generic**. When available, AvMed's value generic drugs will always be your lowest cost option for any given medication. Whenever a generic or value generic is available, AvMed saves you money by making the switch on your behalf. Your doctor can still request your prescriptions are filled using brand names, but at a significantly higher cost to you.

Hospitalization: Your AvMed Participating Provider must coordinate your hospital stay with AvMed whenever a procedure or treatment makes it necessary. Certain procedures may require the opinion of a second provider before hospitalization coverage can be authorized.

Referral: Because your Primary Care Physician (PCP) has the benefit of overseeing all aspects of your care, some benefit plans may ensure his or her direct engagement by requiring a referral prior to any new providers joining your health care team. A referral is purely a physician to physician transaction. AvMed serves only as a record-keeper after your PCP informs us that your care has taken a specific direction.

Retail Clinic: Staffed by Board Certified nurse practitioners and/or physician assistants, retail clinics can be a convenient and affordable choice. Located in a neighborhood near you, retail clinics offer quality, basic medical care after hours, on weekends and when your PCP isn't available. To find a participating clinic, visit www.AvMed.org and select ***Find a Doctor*** on the home page.

Urgent Care Center (UCC): If you encounter a minor injury or illness that requires immediate medical attention, a UCC may be a more convenient and more cost-effective alternative to Emergency Room care. If you are unsure about the severity of your emergency, please dial 911.

Mental Health Services

For a complete and up-to-date listing of participating Mental Health providers, please visit www.AvMed.org/BehavioralHealth-Members and use the search tool to find a local provider. You can also contact Optum at **1-866-293-2689** or AvMed's Member Services Center at **1-800-882-8633** to assist you in your search.

Hospitals, Skilled Nursing Facilities, Retail Clinics and Urgent Care Centers

NOTE: Please be aware that AvMed may not always contract for all types of services available at a participating hospital. Please be aware that AvMed's In-Network hospital facilities may not be contracted for Transplant Services or Transplant Bridge Services. Covered transplant services may only be performed at AvMed's Transplant Center of Excellence facilities located within the State of Florida. For a complete listing of facilities and authorization contact Member Engagement Center.

Hospitals, Skilled Nursing Facilities, Retail Clinics and Urgent Care Centers

NOTE: Please be aware that AvMed may not always contract for all types of services available at a participating hospital. Please be aware that AvMed's In-Network hospital facilities may not be contracted for Transplant Services or Transplant Bridge Services. Covered transplant services may only be performed at AvMed's Transplant Center of Excellence facilities located within the State of Florida. For a complete listing of facilities and authorization contact Member Engagement Center.
