Important Questions	Answers	Why This Matters:
What is the overall deductible?	AvMed In- <u>Network</u> Tier A <u>Providers</u> : \$7,500 individual / \$15,000 family AvMed In- <u>Network</u> Tier B <u>Providers</u> : \$7,500 individual / \$15,000 family Out-of- <u>Network</u> : \$22,500 individual / \$45,000 family	Generally, you must pay all the costs from providers up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> is covered before you meet your <u>deductible</u> .	This plan covers some items and services if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$65 per child for Pediatric Dental. Doesn't apply to the overall <u>deductible</u> . There are no other specific <u>deductibles</u> .	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	AvMed In- <u>Network</u> Tier A <u>Providers</u> : \$7,500 individual / \$15,000 family AvMed In- <u>Network</u> Tier B <u>Providers</u> : \$7,500 individual / \$15,000 family Out-of- <u>Network</u> : \$22,500 individual / \$45,000 family Pediatric Dental is limited to \$350 per child or \$700 for 2 or more children.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , pediatric dental <u>deductible</u> , <u>prescription drug</u> brand additional charges or manufacturer assistance, <u>balance billed</u> charges, and services this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.avmed.org or call 1-800-477-8768 for a list of Tier A and Tier B providers.	You pay the least if you use a provider in Tier A. You pay more if you use a provider in Tier B. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
