Important Questions	Answers	Why This Matters:
What is the overall deductible?	AvMed In-Network Tier A Providers: **$7,900** individual **/ $15,800** family AvMed In-Network Tier B Providers: **$7,900** individual **/ $15,800** family Out-of-Network: **$23,700** individual **/ $47,400** family	Generally, you must pay all the costs from providers up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductible?	Yes. Preventive care, office visits, certain lab tests, certain prescription drugs, ambulance and urgent care, and certain recovery services, e.g., habilitation services, are covered before you meet your deductible.	This **plan** covers some items and services even if you haven't yet met the **deductible** amount. But a **copayment** or **coinsurance** may apply. For example, this **plan** covers certain **preventive services** without **cost-sharing** and before you meet your **deductible**. See a list of covered **preventive services** at **https://www.healthcare.gov/coverage/preventive-care-benefits/**.
Are there other deductibles for specific services?	Yes. **$65** per child for Pediatric Dental. Doesn't apply to the overall deductible. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific **deductible** amount before this **plan** begins to pay for these services.
What is the out-of-pocket limit for this plan?	AvMed In-Network Tier A Providers: **$8,200** individual **/ $16,400** family AvMed In-Network Tier B Providers: **$8,200** individual **/ $16,400** family Out-of-Network: **$24,600** individual **/ $49,200** family Pediatric Dental is limited to **$350** per child or **$700** for 2 or more children.	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	Premiums, pediatric dental deductible, prescription drug brand additional charges or manufacturer assistance, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See **www.avmed.org or call 1-800-477-8768** for a list of Tier A and Tier B providers.	You pay the least if you use a **provider** in Tier A. You pay more if you use a **provider** in Tier B. You will pay the most if you use an out-of-network provider, and you might receive a bill from a **provider** for the difference between the **provider's** charge and what your **plan** pays (**balance billing**). Be aware your **network provider** might use an out-of-network provider for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to see a specialist?	No.	You can see the **specialist** you choose without a **referral**.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
